Brushing Up on Perfection

Dermablend's new four professional makeup brushes not only provide flawless application, they're also environmentally friendly. The line, which includes powder, foundation, concealer, and face and body brushes, features bamboo handles and recycled aluminum, bristles containing no animal hair and a pouch made from reusable cotton. For more info, visit www.dermablend.com.

Unique and Mysterious Scent

The influential and avant-garde fashion house of *Maison Martin Margiela* recently debuted its first fragrance exclusively at Saks. To honor the designer's mysterious no-logo fashion legacy, the scent is aptly named *[untitled]* (\$100, 50 ml; \$140, 75 ml). With green, woody notes, complemented by jasmine, cedarwood and white musk, this unisex scent represents a return to simple and uncluttered luxury.

Greeting Cards are Huge Hit
